'Continuous Provision' describes the different provision areas which are available for your children to use everyday. At Tardebigge, we refer to this as **'Discovery Time'**. Within each of these areas of provision there is a range of resources that children can use all of the time. It will enable children to learn new skills, will challenge their thinking, and help them to embed concepts. It should also provide the context for a variety of learning conversations between children and adults with rich opportunities for modelling and extending speech and vocabulary. These areas of provision cover the 7 areas of learning & development: Communication & Language; Physical Development; Personal, Social & Emotional Development; Literacy; Mathematics; Understanding the World; and Expressive Arts & Design.
